OKINAWA

Seating Products

MERRYFAIR reserves the right to introduce modifications and withdraw models for continuous improvements without prior notice.

OKINAWA, where contemporary design meets comfort

Okinawa combines comfort, functionality, and contemporary aesthetics into one seamless form. Ideal for airports, railway stations, hospitals, lounges, waiting areas and other high-traffic public spaces, Okinawa delivers a welcoming seating experience while offering exceptional durability required for demanding commercial spaces.

Okinawa features a distinctive square scoop-shaped shell that gently envelops the user. Its carefully sculpted form creates a sense of privacy, relaxation, and comfort, offering a reassuring seating experience. Designed to feel as though it is embracing the passenger, Okinawa transforms waiting time into a more pleasant and comfortable experience.

2 base options
to suit different settings.

Swivel Mount
Suitable for premium lounge areas. Featuring an auto-return mechanism on a die-cast aluminum 4-prong base.

Beam System
For larger high density waiting areas, seats are mounted onto a rectangular steel beam with die-cast aluminum legs.

2 backrest options
to accommodate different comfort preferences and environments.

Low Back
High Back

Both options carry its signature wrap-around design language while providing ergonomic support for short or extended seating durations.

2 seat surface options

without seat pad
A full plastic surface in a contemporary light grey tones, offers durable wear and is easy to clean for heavy traffic use.

with upholstered seat pad
For enhanced seating comfort.

Practical functionality
The seat shell is moulded of polypropylene to provide strength, durability and ease of cleaning. The scoop-shaped seat has a large opening, allowing debris and liquid to be easily cleared, helping maintain hygiene and usability in public environments.

Integrated Smart Charging
Optional USB power outlets can be integrated discreetly beneath the seat for convenient charging of mobile devices. All wiring is intelligently concealed within the plastic shell, preserving the chair's clean and minimalist appearance.

Backrest & Headrest

Front shell of polypropylene in light grey and rear shell in dark grey. (100% recyclable)

Seat Pad

Upholstered fabric, leather or vinyl on high density foam.

Seat mounting

Internal diecast aluminium fittings provide secure mounting to the beam with an epoxy powder coated steel plate.

Side Table

Laser cut mild steel in textured silver epoxy powder-coat with diecast aluminium under frame. (100% recyclable)

Beam Structure

Rectangular section steel in silver epoxy powder-coat. (100% recyclable)

Legs

Diecast aluminium in polished finish. (100% recyclable)

Height Adjustable Feet

Grey polypropylene, for levelling on uneven floor.
