Robin
Model : 697 SH A67 N3

A Seat Height Adjustable
Flip up lever on right-side to raise or lower seat. Adjust such that your feet are adequately supported on floor.

B Upright Tilt Lock
With chair in upright position, push lever inwards to lock tilting. Pull lever outwards to release tilt-lock.

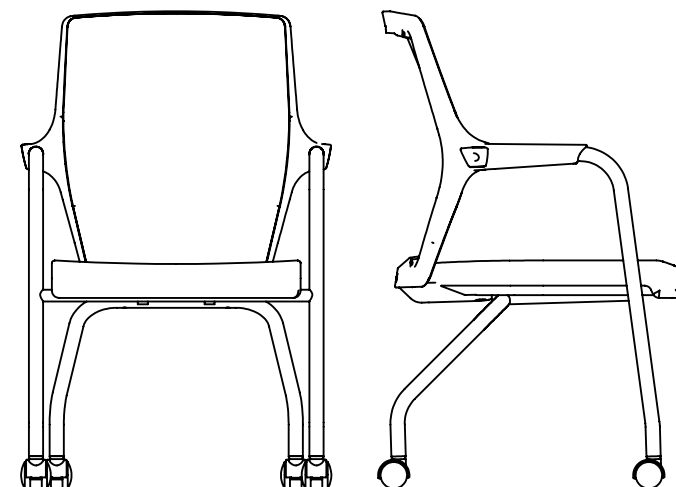

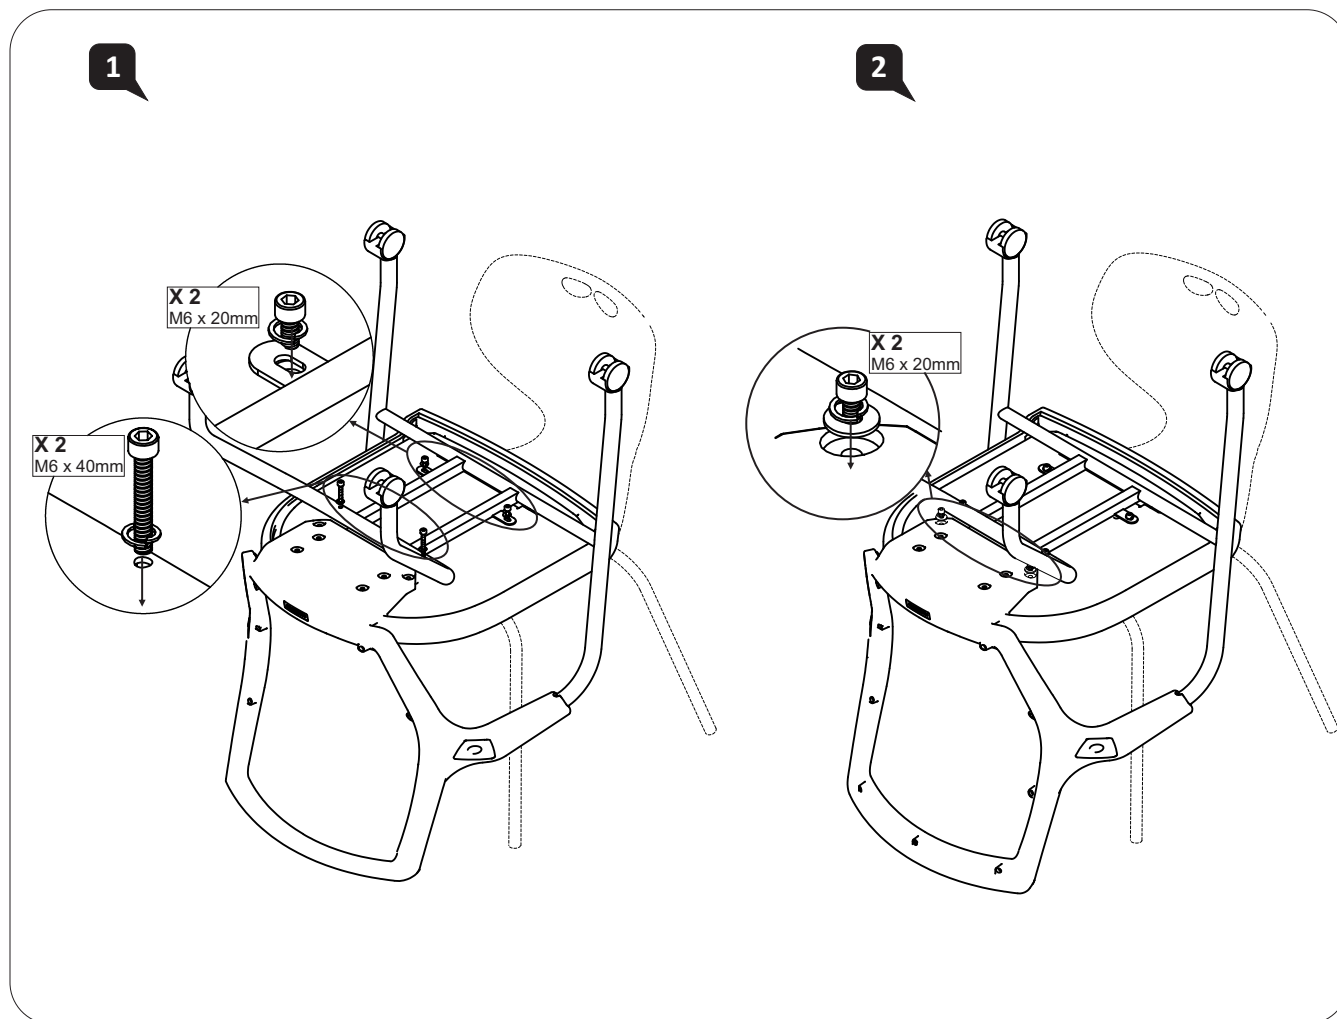

C Tilt Tension Control
Turn bottom knob clockwise to provide a stronger tilt tension, and vice-versa. Adjust such that minimum effort is required to push back when reclining.
